

TO: Mayor and City Councilmembers
FROM: Tho Kraus, Assistant City Manager/Administrative Services
THROUGH: John J. Caulfield, City Manager
DATE: January 16, 2018
SUBJECT: 6-Year Financial Forecast Update (2017-2022)

## INTRODUCTION

The City's financial policy requires the City to prepare a financial forecast for six years to include the current budget period. The projection extends current operations to determine if the services are sustainable and the magnitude of, if any, future financing gaps. The glimpse into the future allows the City to proactively plan and implement corrective measures over time to avoid sudden drastic changes in service levels and/or revenues.

The original six-year forecast for the years 2017-2022 was finalized in October 2016 for the 2017-2018 biennial budget. This update is focused on the City's main operating fund - the General Fund - and is in advance of the upcoming 2019-2020 biennial budget process. An update on all other funds will occur as part of the 2019-2020 biennial budget process.

## FINANCIAL POLICIES

For purposes of this discussion, the following are extracted from the City's adopted financial policies.
> Balanced Budget. The City will adopt a balanced budget for all funds. Balanced budget for operating funds means ongoing operating program costs do not exceed the amount of ongoing revenues to finance those costs. The ongoing revenue will be identified along with new program costs including impact from new capital projects. Any available carryover balance will only be used to offset one-time or nonrecurring costs. Balanced budget for non-operating funds means total resources equal to or exceed total uses.
> Fund Balance. General Fund Ending Fund Balance Reserves shall be 12\% of the combined General and Street Operations \& Maintenance Funds operating revenues. These reserves are as follow:

- $2 \%$ General Fund Contingency Reserves: The purpose of this reserve is to accommodate unexpected operational changes, legislative impacts, or other economic events affecting the City's operations which could not have been reasonably anticipated at the time the original budget was prepared.
- 5\% General Fund Ending Fund Balance Reserves: The purpose of this reserve is to provide financial stability, cash flow for operations and the assurance that the City will be able to respond to revenue shortfalls with fiscal strength.
- $5 \%$ Strategic Reserves: The purpose of this reserve is to provide some fiscal means for the City to respond to potential adversities such as public emergencies, natural disasters or similarly major unanticipated events.
> Use of Fund Balance. Fund balance is the cumulative years' excess or deficit of all revenues and expense. Available fund balances shall not be used for ongoing operating expenditures, unless a determination has been made that available balances are in excess of required guidelines and plans have been established to address any future operating budget shortfalls. Emphasis shall be place on one-time uses that achieve future operating cost reductions and/or service level efficiencies.
$>$ Revenue Estimates. Revenues shall be estimated conservatively so as not to introduce regular shortfalls in individual revenue accounts. Revenue estimates shall not assume excess growth rates. Real growth that occurs will be recognized through budgetary adjustments only after it takes place. This practice imposes short term constraint on the level of public goods or services. However, in the event that revenues are less than expected, it minimizes the likelihood of severe cutback actions which may be profoundly disruptive to the goal of providing a consistent level of quality services.
> Use of One-Time/Unpredictable Revenues. The City shall not utilize one-time revenues for recurring operating expenditures. One-time revenues include, but are not limited to: proceeds from the sale of land or surplus equipment, legal settlements, or revenue windfalls.

## POSITION HISTORY

The following provides a recap of the City's position inventory from the Great Recession period through current.

| CITY-WIDEPOSITION INVENTORY- By Department |  |  |  |  |  |  |  |  |  |  |  |

The above tables include limited term positions of 5.45 FTEs in 2017 and 4.45 FTEs in 2018 as follows:

* Community \& Economic Development
1.0 FTE Administrative Assistant with end date of 8/31/2018
** Parks, Recreation \& Community Services
0.45 FTE Capital Project Assistant with end date of 12/31/2018.
*** Public Works
2.0 FTE Associate Engineering Technician with end date of 12/31/2018
1.0 FTE Associate Civil Engineer with end date of $12 / 31 / 2018$
1.0 FTE Construction Inspector with end date of $12 / 31 / 2018$ (original end date was $8 / 15 / 2017$, which was one year from start date)

## ANALYSIS

## Scenario 1 - Operating Revenue Growth Slower Than Operating Expenditure Growth (Consistent with Financial Policies)

This forecast, as with our current and previous forecasts, projects General Fund operating expenditures to exceed operating revenues beginning in 2019, primarily because of slower operating revenue growth as compared to operating expenditure growth.

| Scenario 1: <br> Operating Revenue Growth Slower Than Operating Expenditure Growth | $2017$ <br> Revised <br> Budget | $\begin{gathered} \hline 2017 \\ \text { YND } \\ \text { Estimate } \end{gathered}$ | $2018$ <br> Revised <br> Budget | $\begin{gathered} \hline 2018 \\ \text { YND } \\ \text { Estimate } \end{gathered}$ | $2019$ <br> Projected | $\begin{gathered} 2020 \\ \text { Projected } \end{gathered}$ | 2021 <br> Projected | $\begin{gathered} 2022 \\ \text { Projected } \end{gathered}$ |

| 5\% Strategic Reserves | \$1,913,663 | \$1,967,685 | \$1,921,949 | \$1,966,910 | \$1,986,260 | \$2,006,105 | \$2,032,940 | \$2,060,415 |
| Unreserved / (12\% Reserves Shortfall): | \$1,648,956 | \$2,457,322 | \$868 | \$1,670,199 | \$500,632 | (\$1,505,972) | (\$4,326,690) | (\$8,028,831) |

## Scenario 2 - Economic Growth \& Operating Expenditure Efficiencies (Optimistic)

This scenario takes into account the fact that our local economy is growing and we are and will continue to see economic development for the foreseeable future that will have a positive impact on our General Fund. Assumes new revenue from projected economic development (financial policies prohibit addition of new revenue in budget - must be realized before it can be accounted for in budget, which is sound policy to have) as well as incorporating an underlying assumption on future operating expenditure efficiencies given our past performance in recent years.

| Scenario 2: Operating Gap <br> Economic Growth \& Operating Exp Efficiencies | 2017 <br> Revised <br> Budget | $\begin{gathered} \hline 2017 \\ \text { YND } \\ \text { Estimate } \end{gathered}$ | 2018 <br> Revised <br> Budget | $\begin{gathered} \hline 2018 \\ \text { YND } \\ \text { Estimate } \end{gathered}$ | $\begin{gathered} 2019 \\ \text { Projected } \\ \hline \end{gathered}$ | $\begin{gathered} 2020 \\ \text { Projected } \end{gathered}$ | $\begin{gathered} 2021 \\ \text { Projected } \\ \hline \end{gathered}$ | $\begin{gathered} 2022 \\ \text { Projected } \end{gathered}$ |

| 5\% Strategic Reserves | 1,913,663 | 1,967,685 | 1,921,949 | 1,986,085 | 2,024,815 | 2,064,430 | 2,111,430 | 2,159,540 |
| Unreserved / (12\% Reserves Shortfall): | \$1,648,958 | \$2,819,224 | \$868 | \$2,744,279 | \$2,689,700 | \$2,205,148 | \$1,322,234 | $(\$ 16,231)$ |

Note: As we look out into the future, long-term economic development initiatives (such as revitalization of Pacific Highway and WSDOT relocation) is expected to contribute positively to economic growth.

## NEXT STEPS AND UPCOMING ITEMS

> Consolidation of Sewer Capital Project Funds. The City currently maintains two sewer capital improvement Funds - Fund 311 Sewer Capital Project and Fund 312 Sanitary Sewer Connection Capital. An evaluation will be completed as part of the development of the 2019-2020 biennial budget.
> Utility Rate Analysis. An analysis of SWM rates that will include a review of our sewer program. Presentation to City Council scheduled for late February 2018. Some key highlights on the SWM side will include the evaluation of rates on ongoing operations as well as capital with a specific focus on our current six year CIP. The study will also include: an analysis on the impact of rates that are currently not funded though if funded would require a SWM construction to address that component of project improvements; a stand-alone analysis on impact to rates if the City were to finance the dredging of Waughop Lake; and evaluation of both pas-as-you go (current practice) and debt financing options to finance future capital investments. On the sewer side, the study will include: development of the same financing options (current practice of pay-as-you-go and debt financing) on how to best continue moving forward with sewer capital projects that have been identified as part of the 2017/2018 biennial budget and adding extension of sewer projects into Fort Steilacoom Park. The analysis will include financing options based on current and projected sewer cash flow along with an option if current sewer fees were decreased based on impacts to increased SWM rates.
> Transportation CIP Update. A presentation to the City Council is scheduled for March 2018. The update will focus on prioritization of unfunded projects and financing options to include an additional $\$ 20$ vehicle licensing fee (total $\$ 40$ VLF), property tax levy lid lift and capital bond.
> Parks CIP Update. A presentation to the City Council is scheduled for April 2018. The update will focus on financing options and information on metropolitan park districts.
> Creation of an Opportunity Fund. Create a special revenue fund titled "Opportunity Fund" for the purpose of accumulating excess funds, set aside for projects related to furthering economic development, capital projects (such as providing grant match), and other special projects. The creation of this fund will be evaluated as part of the development of the 2019-2020 biennial budget.
> Service Delivery Analysis. An analysis of service delivery will be conducted in various areas based on a set of evaluation criteria such as:

- Specialized Services - Services and activities, which the City provides that, require specialized skills, knowledge or licenses that City personnel does not possess.
- Current Personnel Resources are Limited - Situations where the City may not have the personnel resources available to implement a specific task or project, making contracted services a viable alternative.
- Special Projects - Projects or studies that may have significant implications and/or require a third party review are typically outsourced to a private contractor.
- Risk - Tasks that pose a risk or liability to City personnel or equipment are outsourced to a private contractor.
- Routine Tasks - The City provides routine and predictable services that can be tied to a fixed schedule without impacting or conflicting with the public.
- Cost Effectiveness and Efficiency - The cost/benefit analysis will assist in determining whether it is advantageous to contract versus hiring personnel internally.
- Improved Level of Service (LOS) - Limited resources can be efficiently allocated through a system of internal personnel and external contracts to ensure the highest levels of service are provided to citizens.
- Competitive - Competition for contract work continues to increase as more private firms vie for services traditionally provided by government.
- Monitoring and Evaluation - One of the most important criteria surrounding private contracts is the monitoring and evaluation process. Should be relatively inexpensive and easy to measure versus time consuming and expensive.
- Customer Complaints - Resources are optimally allocated to ensure that all services provided by the City are done so with limited impact to citizens.
> Collective Bargaining Agreements. The financial forecast does not include potential adjustments after contract expiration.

| Labor Group |  |
| :--- | :--- |
| Current Contract Period |  |
| Teamsters | $1 / 1 / 2016$ through $12 / 31 / 2018$ |
| AFSCME | $1 / 1 / 2017$ through $12 / 31 / 2019$ |
| LPMG | $1 / 1 / 2016$ through $12 / 31 / 2019$ |
| LPIG | $1 / 1 / 2016$ through $12 / 31 / 2020$ |

6-Year Financial Forecast Update 2017-2022

January 16, 2018

## This Update

- Focus on the City's main operating fund, the General Fund
- Future update will include all funds

## Financial Policies

- Requires 6-year financial forecast
- Operating expenditures cannot exceed operating revenues
- $12 \%$ ending fund balance reserves
- Do not use fund balance for ongoing operating expenditures
- Conservative revenue estimates
- Do not use 1-time revenues for ongoing operating expenditures

## Scenario 2 (Optimistic) <br> Economic Growth \& Operating Efficiencies

## Where will we land?

## Somewhere in between...

## Next Steps

- Consolidation of Sewer Capital Project Funds
- Utility Rate Analysis
- Transportation CIP Update
- Parks CIP Update
- Creation of an Opportunity Fund
- Service Delivery Analysis
- Collective Bargaining Agreements
- 2017 Year-End Financial Report
- Proposed 2018 Carry Forward Budget Adjustment
- 2019-2020 Biennial Budget

## End of Presentation
