

## 2019 LPD Unmanned Aircraft Systems (UAS) Usage Report

| Month     | Number of Flights        | Total Flight Time        |
|-----------|--------------------------|--------------------------|
| January   | 2                        | 0.9                      |
| February  | 2                        | 1.9                      |
| March     | 3                        | 2.2                      |
| April     | 2                        | 1.3                      |
| May       | 7                        | 6.4                      |
| June      | 8                        | 4.5                      |
| July      | 7                        | 6.4                      |
| August    | 0                        | 0                        |
| September | 6                        | 12.3                     |
| October   | 3                        | 1.7                      |
| November  | 8                        | 6.0                      |
| December  | 6                        | 3.2                      |
|           |                          |                          |
|           | <b>Total Flights: 54</b> | <b>Total Hours: 46.8</b> |

| Type of Flight  | Number of Flights | Total Flight Time |
|---|-------------------|-------------------|
| Training/Maintenance  | 20                | 19.9              |
| Crime Scene Investigation   | 7                 | 4.5               |
| Collision Investigation   | 4                 | 1.8               |
| Search and Rescue   | 6                 | 7.0               |
| Incident Command<br>(i.e. LAHAR Drills)                           | 4                 | 2.8               |
| Police Operations<br>(i.e. Future Op Planning/Community Policing) | 3                 | 2.7               |
| Assist City Departments<br>(IT, Community Development, PR)        | 11                | 8.1               |
|   |                   |                   |
| Agency Assist   | 9                 | 9.8               |
|   |                   |                   |
