# American Lake - Lake Management District No. 1

# Welcome to the American Lake - Lake Management District's 1<sup>st</sup> Annual Meeting

- District purpose is to provide a funding source to control or eradicate invasive aquatic weeds in the lake and to educate property owners and community members about aquatic weeds
- Communicate during the meeting via the Chat function in Zoom; or call or text Mary Dodsworth at (253) 732-8059 with questions or comments

## Board Members:

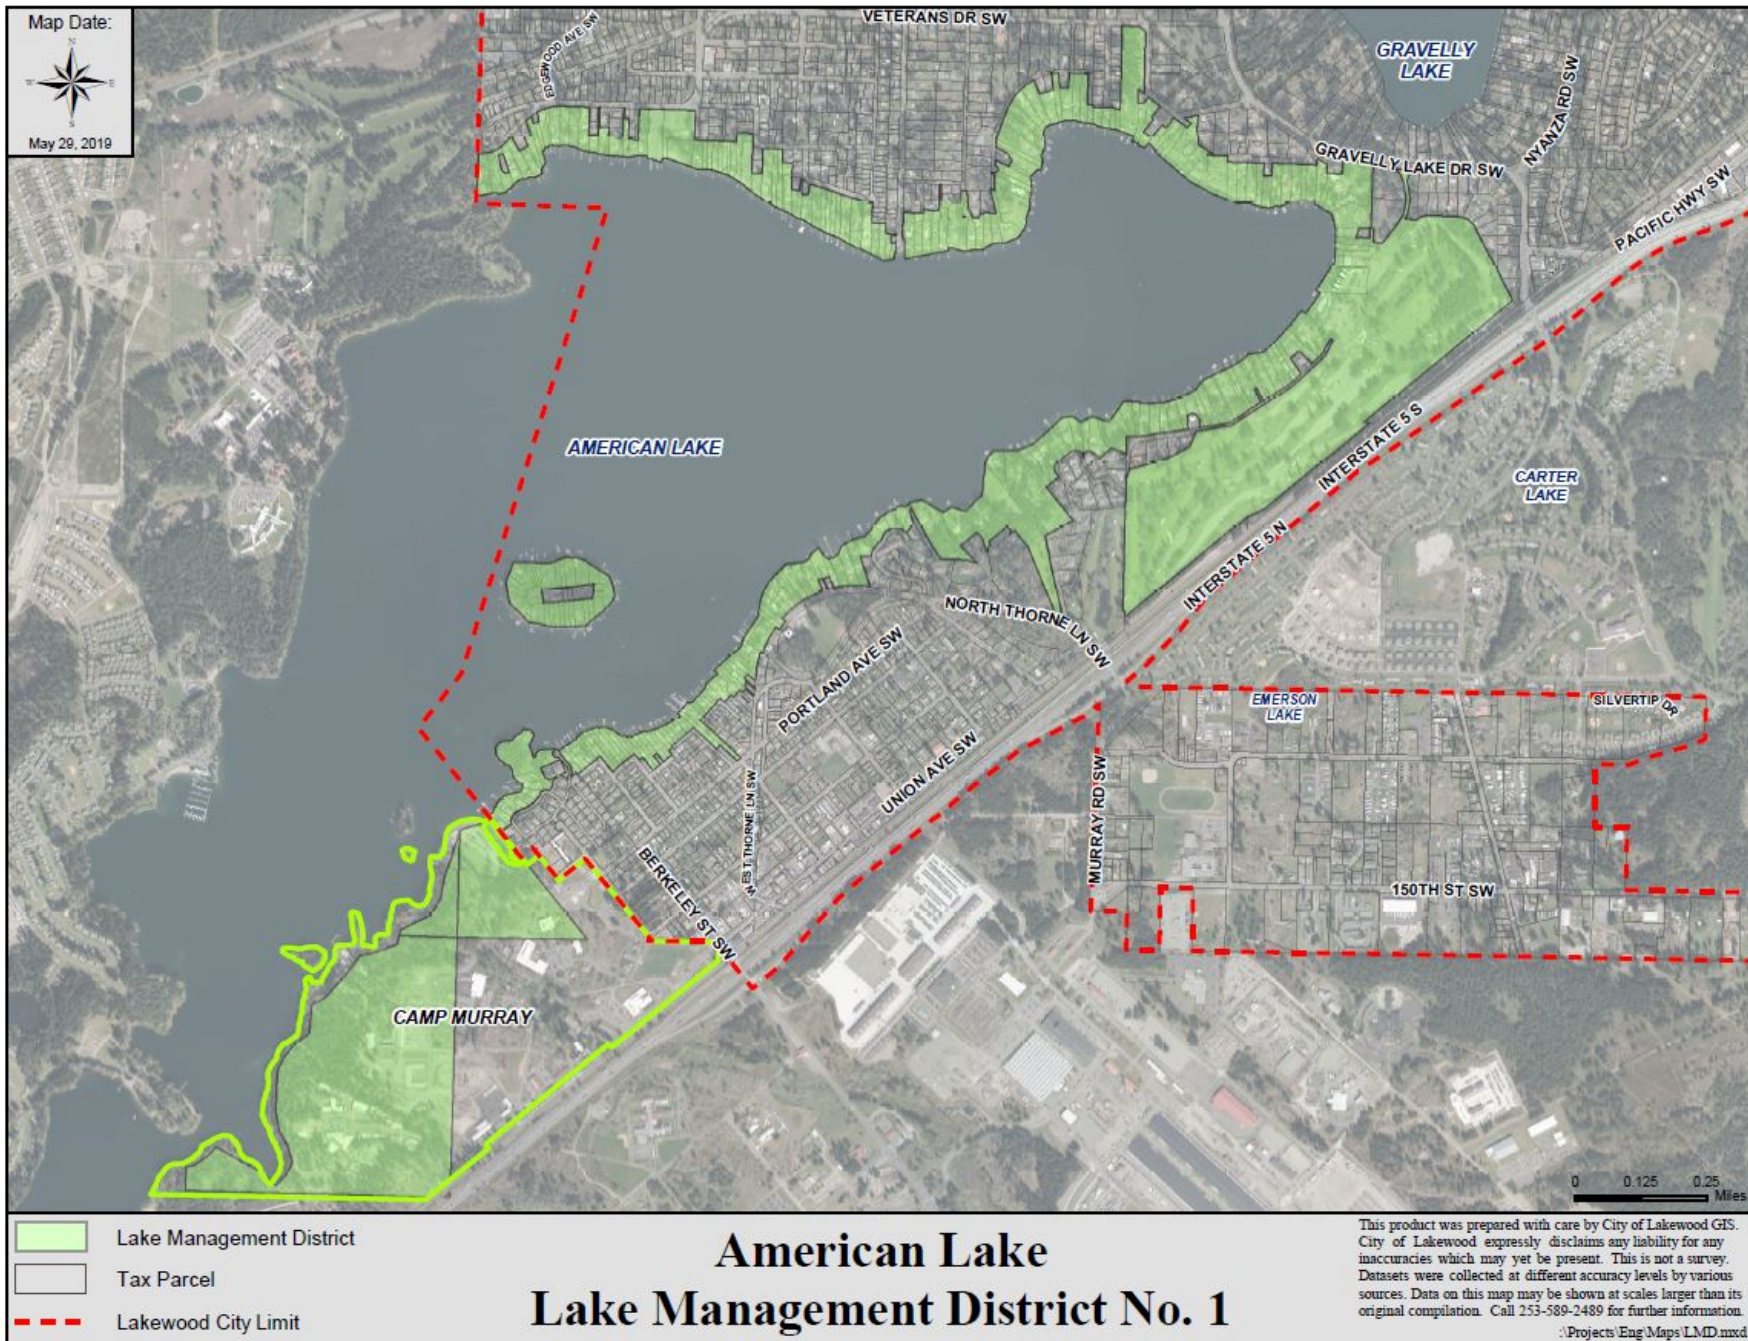

- Mark Pfeiffer – Chair; lake resident (term ends June 2022)
- Peter Marsh – Vice-Chair; lake resident (term ends June 2021)
- Rich Martinez – lake resident (term ends June 2022)
- David Clouse – JBLM/VA (appointed)
- Mary Dodsworth – City of Lakewood (appointed)
- Susan Vezeau – Camp Murray (appointed)

# District was formed to address invasive aquatic weeds like milfoil

- Eurasian watermilfoil (milfoil) identified in American Lake in 2016
- District formed in 2019 for a 10-year period
- Property owners pay \$0.66/ft.
- JBLM not part of district but pays a proportional share

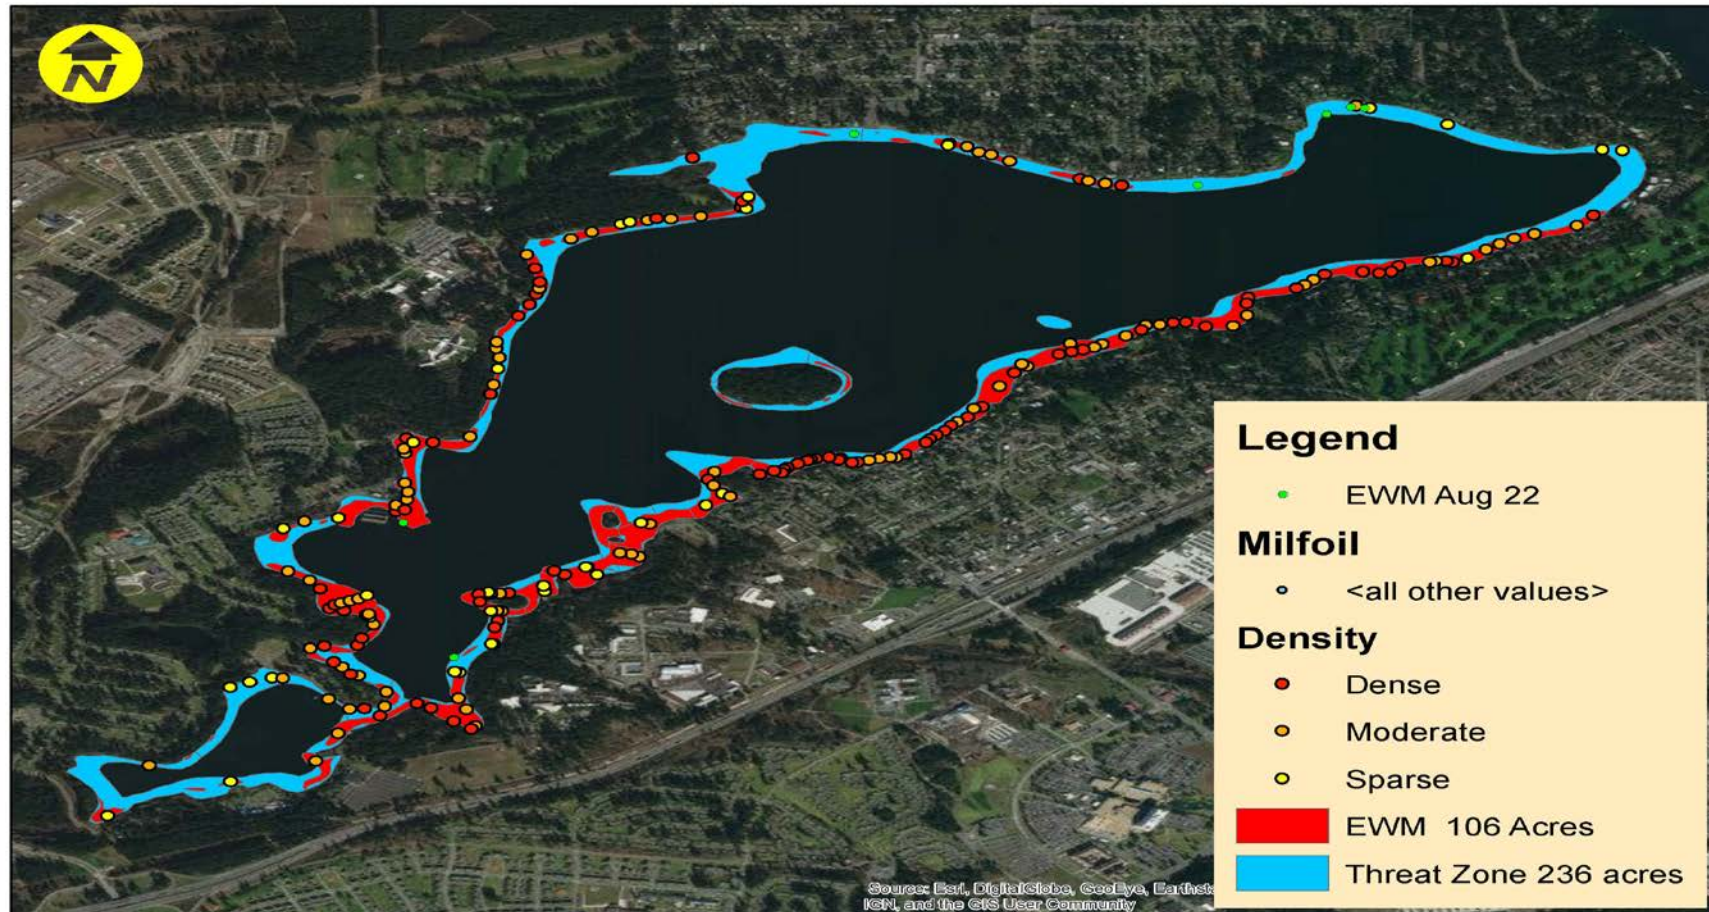

# 2019 and 2020 District Budgets:

- 2019 Revenue: \$75,000 grant + \$44,313 assessments = \$119,313
- 2019 Expenditures: Estimate: \$131,000; Actual = \$124,619
  - Difference in revenue and expenditures was anticipated to be covered by a loan from the City's stormwater utility, to be paid back by the district over the life of the district
- 2020 Revenue: Estimate: \$33,099; \$25,742 collected YTD
- 2020 Expenditures: Estimate: \$29,320; \$9,988 spent YTD

# Milfoil spread from 106 acres in 2017 to 166 acres prior to the treatment in 2019

American Lake Eurasian Milfoil Distribution Summer 2017

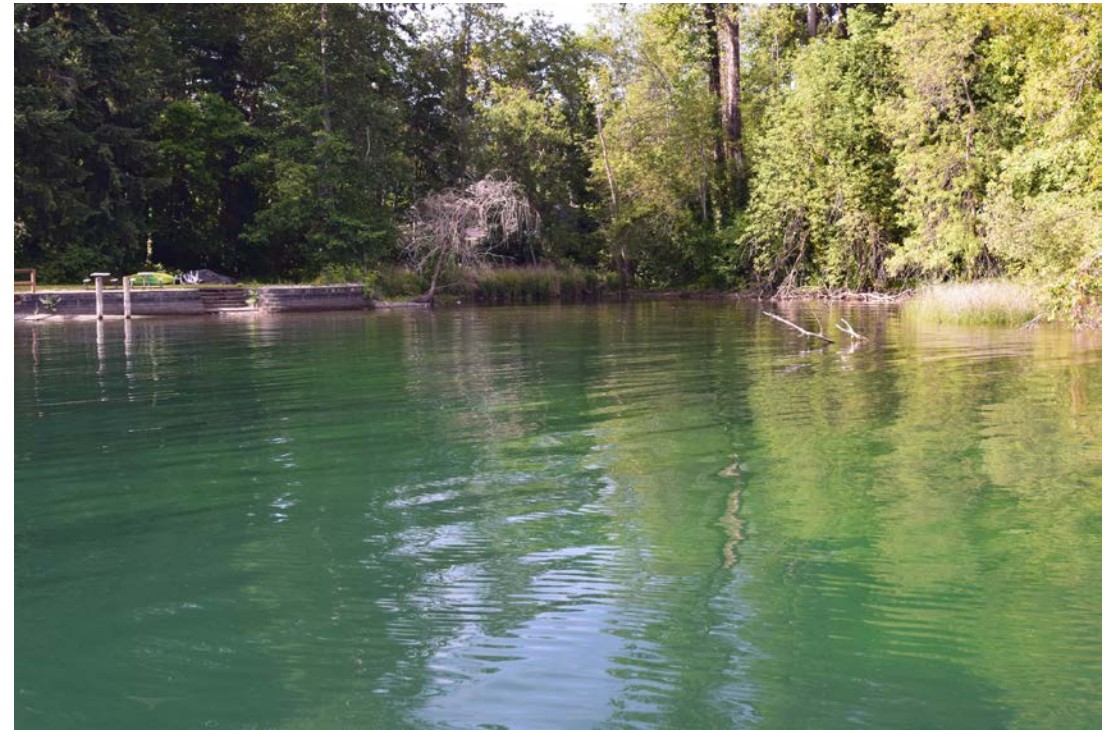

# Before and after 2019 treatment - southwest of the Fish & Wildlife boat launch

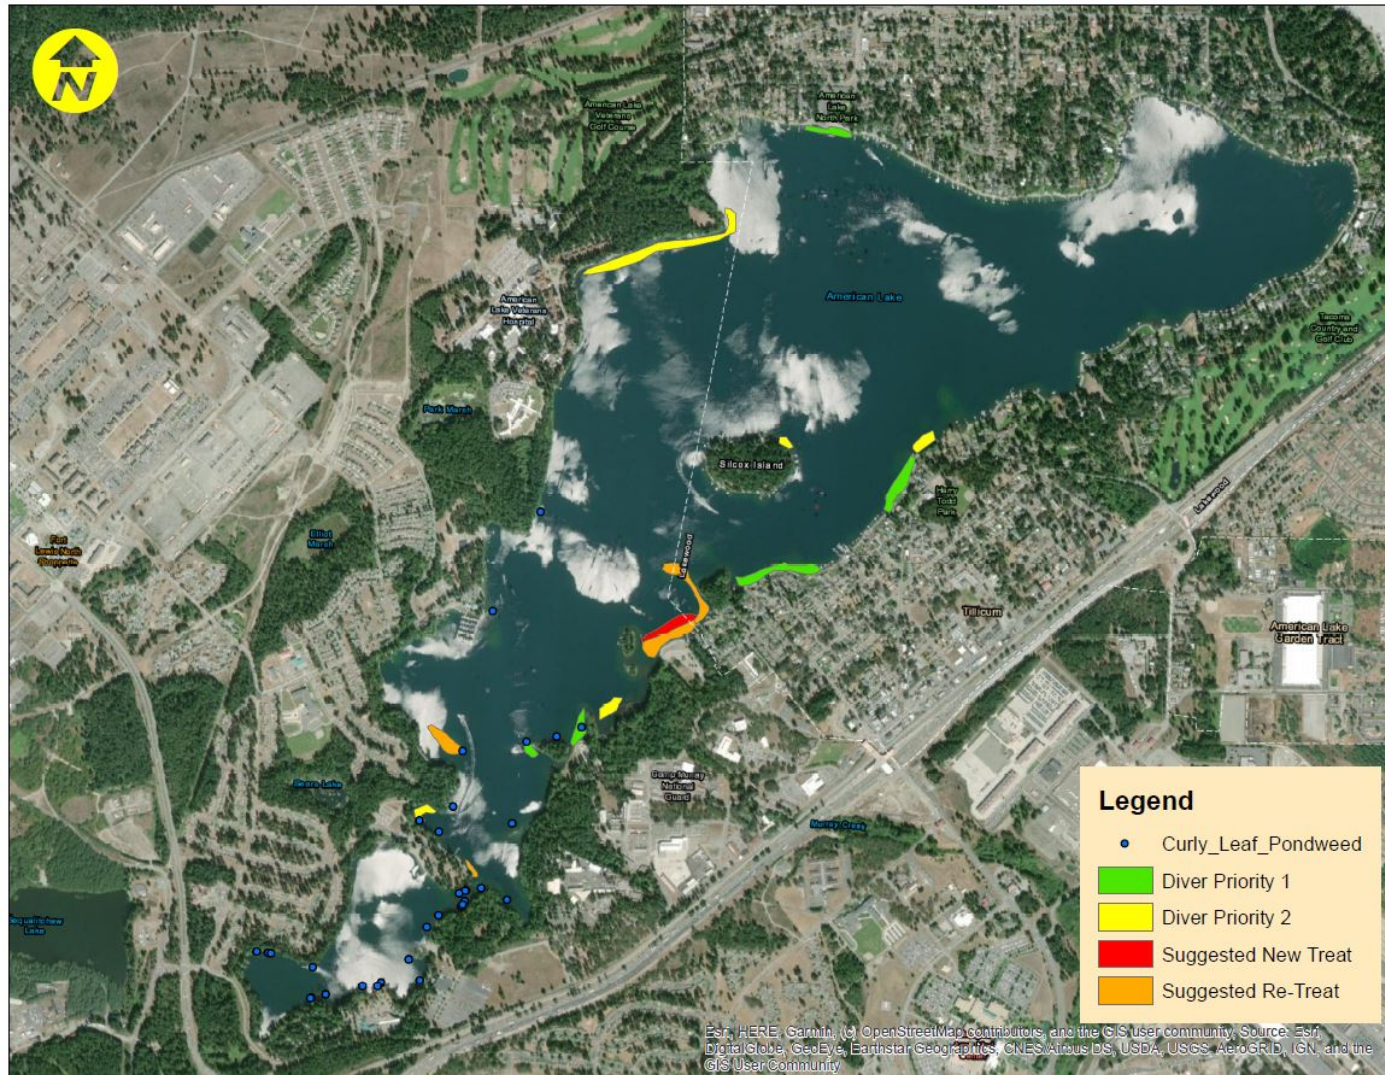

# Before and after 2019 treatment – near Eagle Point HOA dock and boat launch

# 2020 project map

Curly leaf pondweed is emerging and will need future control efforts

# Tentative 2021 Work Plan

- Develop 2021 work plan, budget, and schedule at the November Advisory Committee meeting
- Work plan will be reviewed and adopted by the City Council in early 2021
- Tentative work plan includes:
  - Vegetation surveys (before, during, and after control activities as needed)
  - Invasive aquatic weed control/treatment
  - Public education and outreach (to be determined)
  - Review treatment activities at the end of season

# Any Final Questions?

Thank you for attending!
