I think your newest plan is excellent.

I Am happy w/the plans to open the Park more to the public.

I think the "dots" are not a fair look at what the "public" wants-I think it's more about the "whining" of the Rich who live on the lake (w/their illegal signs!)

SAFETY SHOULD BE #1 NOT PARKING -

AND NOT BY TAKING SOMEONE'S HOME
FOR PARKING. HOW CAN WE GUARANTEE
THE SAFETY OF THE PUBLIC + RESIDENTS
WITH INCREASED USAGE.

LIMIT PUBLIC BOAT SIZE ACCESS

16 FT OR LESS

COMMENTS

Make Edgewater Dr. "One Way" North from Foster to Sacramento

Swimming area, if proposed, should be to the North End of Park

If a dock is installed you can't swim from it. Swimmers can't

swim within 100' of a public boat launch or dock. Row

COMMENTS

The public beach/parking area at the end of Interlaken bridge is a safety hazard for the community. Crime (gunshots) (drug use), trash (including drug paraphernalia) as well as human feces. Examine this area and try to help before a larger park goes on.

WE WANT TO HEAR FROM YOU!

COMMENTS

CONSIDER MOVING THE BOAT LAUNCH
TO A DIFFERENT AREA.

THIS PARK IS TOO SMALL FOR TOO
MANY CARS, TRAILERS, PEOPLE, KIDS,
SWIMMERS, FISHERS & POWER BOATS.

COMMENTS

We need to ensure that
a problem is not created with improving
access. Yes, this is a public park for the
community, however, please be logical about
the constraints that are inherent with ~~this~~ this
park. It's very small - In a quiet neighborhood -
With very limited street access.

COMMENTS

Consider improving shoreline w/ floating wetland(s)
which can (1) improve habitat (2) stabilize and
expand shore line (3) offer a potentially healthier
and more accessible opportunity for shore fishing.
It would also address limitations of the "cove"
which is shallow and limited recreational activities.

COMMENTS

① Imagine the city puts a park in your backyard and lots of people use it and you have no fence — now what would you want? Would you trust the police will be able to control everything?

② We pay special taxes to keep the lake swimmable now treat it! Will the city be contributing per ft like we do?!

^{Speaker}
Bring Lk. Steinbloom Improvement Club to next mtg

Added boating traffic effects water management

that is being paid for by property owners
not the city or state + Parks Dept.

Public boaters have to know rules of lake + be enforced

WE WANT TO HEAR FROM YOU!

COMMENTS

Foster Street to Alley on back side of
Edgewater Dr SW gets blocked a lot
when boats are launching.

Stumps in lake need to be removed they
ruin boats.

No security lights or pavement in alleys
People turn around and can't get out of
a few.

COMMENTS

Mary did a masterful job of controlling
this meeting.

* Concerns for me - Wake boats are making my waterfront unusable for my small grandchildren - Waves are huge and can even knock me down. We bought before wake boats existed, ski boats never created the kind of waves I'm seeing now. ~~Let's~~ Skis are always going to be ➔

annoying - can't have a conversation in my own
back yard when they are out but without wake boat wakes
to jump, they tend to move on - Oh to be young ☺

* Could a survey be taken of lake residents
who do have launch capability to work with
other residents? We use the launch 2 times a year
and would gladly remunerate anyone who has access so
we could avoid the Edgewater Park. We launch, bring
our trailer home and keep it there until fall take out.

COMMENTS

I do not live on the lake. I suggest
a passive park with boat launch. Just
a fishing dock, swimming, and a dock or pier
for kayaks, SUP's, & non-motorized water craft.
Buy a lot for parking in the vicinity. Use another
part of the lake for motorized boat launching.
The water is too shallow at this location. Put in
a picnic shelter & tables and have a drop-off parking (covered)

Spree, if there is a parking lot, it should be
locked & gated. The park should be closed
at sunset year-round. That should be
placed up weekly, and daily in the summer.
Keep the lake residents happy, make
them your allies. They just want no
clime & city overuse. This is a great spot
for families to swim & relax, but it does
have limits. put the large watercraft at
one on the other city accesspoints. ~~optionally~~
The city really needs to purchase more access
spree on this lake.

COMMENTS Edgewater Park

I am all for the new improvements at the edgewater park. I think this would be a great improvement to the city of Lakewood. This is Public land and should be treated as such. Just because you put up a sign and say this land is yours does NOT make it yours. hence American history!! Gentrification is real. Please move forward with new park for all Lakewood Residents!
