Consolidated Funds – General and Street O&M Ending Fund Balance and Cash

In support of the City’s financial integrity, the City Council adopted on September 15, 2014, a set of financial policies including fund balance reserves totaling 12% of General/Street O&M Funds operating revenues. For the 2024, this 12% equates to \$5.85M as follows:

- **2% General Fund Contingency Reserves:** The purpose of this reserve is to accommodate unexpected operational changes, legislative impacts, or other economic events affecting the City’s operations which could not have been reasonably anticipated at the time the original budget was prepared. A 2% reserve fund based on the General/Street O&M Funds operating revenues equates to \$975K.
- **5% General Fund Ending Fund Balance Reserves:** The purpose of this reserve is to provide financial stability, cash flow for operations and the assurance that the City will be able to respond to revenue shortfalls with fiscal strength. A 5% reserve fund based on the General/Street O&M Funds operating revenues equates to \$2.44M.
- **5% Strategic Reserves:** The purpose of this reserve is to provide some fiscal means for the City to respond to potential adversities such as public emergencies, natural disasters or similarly major unanticipated events. A 5% reserve fund based on the General/Street O&M Funds operating revenues equates to \$2.44M.

Additionally, on November 15, 2021 the City Council via Ordinance 764 established an Economic Development Opportunity Fund within the General Fund ending fund balance for the purpose of accumulating excess funds from the General Fund and other funds that are eligible to provide funding for economic development opportunity related expenditures. The set aside amount as approved in the 2021/2022 mid-biennium budget adjustment is \$1,000,000 in each year of 2021 and 2022 for a total of \$2,000,000. The City shall appropriate and use the funds as approved by the City Council.

Note on Wholesale Tax Classification: Sales tax applies if the buyer does not have a reseller permit or exemption certificate. Additionally, purchases made for personal or household use is not exempt from sales tax. This includes items used in a business that are not resold, such as office supplies, tools, equipment and equipment rentals.

The following section provides a sales tax comparison by retail area and is based on UBI numbers and physical location addresses received from the Washington State Business License database, matched against UBI numbers in the City's sales tax database.

The area category title "All Other" which includes food services & drinking places, construction, and telecommunications attempts to capture: businesses that have multiple locations reporting under a single UBI number is excluded from the retail area reporting (such as Walgreens, O'Reilly's, Starbucks, Dollar Tree, McDonald's, etc.); businesses that do not fall under the retail area as currently defined (such food services & drinking places); or businesses that do not have a physical location in the City but are providing services within the City limits (telecommunications and construction). Businesses are added to the sales and use tax area periodically throughout the year; therefore, amounts reported in previous periods may differ.

Criminal Justice Sales Tax

Criminal Justice Sales Tax is a local option sales tax of 0.10 percent that is collected in addition to retail sales tax and use taxes by the Department of Revenue. Only counties may impose this non-voted 0.1% sales tax for criminal justice purposes, but the county must share its revenues with all cities and towns in the county. 10% of the funds are distributed to the county in which the tax was collected. The remaining 90% of the funds is distributed to the county (for unincorporated areas) and cities within the county based on population as last determined by the Office of Financial Management. The Department of Revenue retains 1% as an administrative fee.

Moneys received from this tax are restricted for criminal justice purposes. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined by RCW 70.123.020.

Franchise Fees & Non-Compete Fees

Franchise fees are charges levied on private utilities for their use of City streets and other public properties to place utility infrastructure and to recoup City costs of administering franchise agreements. The franchise fees on light, natural gas, and telephone utilities are limited by statute to the actual administrative expenses incurred by the City directly related to receiving and approving permits, licenses, or franchises. Cable TV franchise fees are governed by the Federal Cable Communications Policy Act of 1996 and are negotiated with cable companies for an amount not to exceed 5% of gross revenues.

Alarm Permits and Fees

False alarms cost the City and citizens thousands of dollars per year and take officers away from actual emergencies. The false alarm ordinance includes a registration process, provides for annual alarm permit fees for residential and business alarms, and provides for fees for false alarms to encourage all alarm users to maintain the reliability of and to properly use their alarm equipment.

Opioid Abatement Fund

Distributors: Washington State received the maximum \$518M under a resolution where three companies (McKesson Corporation, Cardinal Health Inc., and AmerisourceBergen Drug Corporation) found to have played key roles in fueling the opioid epidemic. More than \$476M will be directed toward addressing the opioid epidemic. This money will be paid over 18 distributions, with the first distribution occurring in December 2022. Local governments and State must spend the settlement funds on approved uses, must keep records of its spending, must file reports with the Settlement Administrator, and must comply with all terms of the Washington and National Distributer Settlements. A local government can either spend the money itself or elect to pool with other local governments on a regional basis.

Janssen (Johnson & Johnson): To avoid trial in the lawsuit, Janssen (Johnson & Johnson, Johnson & Johnson Innovative Medicine, Janssen Pharmaceuticals, Inc., Ortho-McNeil-Janssen Pharmaceuticals, Inc., and Janssen Pharmaceutica, Inc. collectively) was required to pay a settlement of \$149.5M in June 2024. The settlement required that \$123.3M be used to combat the opioid epidemic, including the fentanyl crisis. The attorney general has directed 50% (\$61.6M) of these resources to local governments for that purpose. The settlement was contingent on eligible cities and counties joining the settlement by May 11, 2024. As with prior resolutions, to obtain the full amount, all 125 eligible local governments needed to sign the deal. Local governments divided their share of the proceeds according to their own agreed formula.

CVS, Walgreens, Walmart, Teva, Allergan: Washington State will also receive an estimated \$434.4M from multistate resolutions with the following five companies:

- CVS: \$110.6 million to Washington state over 10 years;
- Walgreens: \$120.3 million to Washington state over 15 years;
- Walmart: \$62.6 million to Washington state and 97% of that paid in the first year;
- Teva: \$90.7 million to Washington state over the next 13 years; and
- Allergan: \$50 million to Washington state over the next seven years.

¹ The projections are the amounts the City would receive pursuant to the settlement agreement if all relevant facts and circumstances were to remain unchanged. The relevant facts and circumstances, including but not limited to current levels of State and Subdivision participation, are subject to change and thus, there are no guarantees regarding the amounts or timing of any future payment(s). The amounts and timing of any future payments will be governed by the terms of the Settlement agreements. Projections as of July 2024.

Payment timing and amounts are subject to change and may be affected by, among other things, increased participation in a State, a State's eligibility for Incentive Payment D, and suspensions or offsets related to Later Litigating Subdivisions. Payment timing and amounts may also be affected by the Pre-payment Option and/or Significant Financial Constraint provisions of the Distributor Settlement Agreement. Additionally, these calculations do not take into account any Settlement Fund Administrator costs and fees that exceed the available interest accrued in the Settlement Fund.

Opioid Abatement Expenditures

Section 5 of the interlocal agreement states that each jurisdiction is to reserve 10% of the settlement payments to cover the administration of the Opioid Abatement Council.

Section 5. Administration of PCOAC and Expenses. Pierce County agrees to provide for the administration of the PCOAC through the Pierce County Auditor's Office as outlined in this Agreement. The Pierce County Auditor's Office (Administrator) will serve as the administrator for PCOAC and shall perform all administrative functions, including scheduling of meetings, making reports publicly available, maintaining a public dashboard, preparing a report for consideration of the PCOAC at its annual meeting, and other such tasks as assigned by the Chair.

Administrative costs are limited to 10% and every effort shall be made to keep administrative costs below 10%. The Administrator shall provide itemized invoices for all administrative expenses to each of the Parties before the end of each fiscal year. Each Party will be billed by the Administrator a pro-rated amount based on the overall percentage each Party annually receives in direct allocation from the Trustee. Any reserved funds that exceed a party's pro-rated share of the administrative costs will be reallocated to each Party for Approved Purposes under the MOU.

Cost Recovery – Development Services

In May 2016, the City Council adopted a set of revised financial policies to include cost recovery. The following is an excerpt of the cost recovery policy as it relates specifically to target cost recovery for development review services:

Target Cost Recovery Level for Development Review Services. The cost recovery policy applies to the following development programs/services: planning (long and short plats, privately initiated re-zonings and comprehensive plan amendments, variances, use permits); building and safety (building permits, structural plan checks, inspections); engineering (public improvement plan checks, inspections, subdivision requirements, encroachments, right-of-way permits); and fire plan check. Cost recovery for these services should generally be very high. In most instances, the City's cost recovery ratio goal should be 85%. The timeline to achieve the cost recovery is no later than year 2021. In setting cost recovery levels, the City shall clearly establish and articulate performance measurements to ensure that there is "value for cost."

The table below provides historical annual and current estimated annual and actual subsidy and recovery ratio by program.

Rental Housing Safety Program

On August 1, 2016, the Lakewood City Council approved Ordinance No. 644 creating a Rental Housing Safety Program (RHSP). The program requires all residential rental properties (apartments, single family homes, duplexes, etc.) within Lakewood city limits to be registered. The program is designed to ensure that all rental housing units comply with specific life and safety standards and are providing a safe place for tenants to live. As of October 4, 2017, all rental properties owners will be required to register their property with the City every year and have the property inspected once every five years.

1406 Affordable Housing Program

On March 2, 2020, the City Council approved Ordinance 731 relating to local sales and use tax, authorizing the maximum capacity of the tax authorized under the provisions of Substitute House Bill 1406 for affordable and supporting housing. The revenue to the City is a credit of the state's sales tax. With adoption of this ordinance, the City is able to impose the rate of 0.0073%. According to the Department of Revenue (DOR), the maximum amount the City may receive is \$98K per state fiscal year for twenty years totaling an estimated \$1.95M. The City notified DOR on March 13, 2020 and DOR began imposing the tax effective May 1, 2020. The City received its first full distribution amount in July 2020 with some funds trickling through in May and June due to early returns filed.

The direction from the Lakewood City Council is to use the funds in conjunction with the City's CDBG Major Home Repair Program, CDBG Major Home Repair and Sewer Loan Program, and HOME Housing Rehabilitation Loan Program given that there is a high demand for home repair and rehabilitation loans in the City.

CDBG is a federal entitlement program and provides annual grants on a formula basis to states, cities, and counties to provide decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons. The City processes on average six to eight CDBG housing repair programs annually.

"1406" Affordable Housing Program Funds are reserved for persons and/or housing repairs not eligible under CDBG, those who fall just outside CDBG program guidelines but where some level of assistance may be required.

"1406" projects are as follows:

- 9006 71st St Ct SW: Single family residence replacement of water heater & air conditioning, installation of heat pump under new energy regulation, loan amount \$13,250 (completed Q3 2022);

Fund 190 Community Development Block Grant

Fund 190 CDBG is predominantly comprised of U.S. Department of Housing and Urban Development funds for Community Development Block Grant Entitlements (CDBG), HOME program funding through the Lakewood and Tacoma HOME Consortium and Section 108 Loan Guarantees. There is also a grant from the Nisqually Tribe for minor home repairs and West Pierce Fire & Rescue for emergency assistance for displaced residents.

Through the planning and citizen participation process CDBG and HOME spending priorities are set on an annual basis, to be broken out into funding projects for physical improvements, public service (not to exceed 15%), housing, economic development, and administration (not to exceed 20%).

CDBG:

CDBG is Authorized under Title 1 of the Housing and Community Development Act of 1974, the Community Development Block Grant (CDBG) program is a grant to local jurisdictions to assist in the development of viable communities. Funds are to be expended to principally benefit low- and moderate-income individuals through the provision of: 1) decent housing; 2) a suitable living environment; and 3) expanded economic opportunities. Each CDBG grantee is responsible for choosing how best to serve its community's interests and meet the needs of eligible citizens.

Eligible CDBG activities include the following:

- (1) **Public Facilities/Infrastructure Improvements:** Acquisition, construction, rehab or installation of public or community facilities; and infrastructure installation or improvements (i.e. roads, sidewalks, sewers, street lighting, etc.)
- (2) **Public Service:** Employment and education services; childcare; health and substance abuse services; services for seniors; fair housing counseling; services for homeless; and job training and employment services.
- (3) **Affordable Housing:** Homeowner rehabilitation; down payment assistance; rental rehabilitation; acquisition and demolition; lead paint activities; and new construction if carried out by a CBDO (Community Board Development Organization).
- (4) **Economic Development:** microenterprise assistance; commercial rehabilitation; job training and technical assistance; and special economic development - acquisition, construction, rehab, installation of property or equipment.

Investments made in various housing programs (Major Home Repair/Sewer Loan Program, Down Payment Assistance, and Multi-family Housing), and economic development activities (Microenterprise Loan Program) have created multiple Revolving Loan Funds (RLF) for each of the funded activities.

HOME:

In accordance with HOME federal regulations, expenditures for the HOME program have primarily focused investment in the creation of, maintenance of, or acquisition of affordable housing for low and moderate income individuals. Programs funded include the Housing Rehabilitation Program (single-family homeowner rehabilitation), Down Payment Assistance, and the Affordable Housing Fund (investments primarily with Habitat for Humanity and various non-profit housing providers). The Housing Rehabilitation, Down Payment, and Affordable Housing Funds all have corresponding Revolving Loan Funds (RLF) established in accordance with HUD regulations, which allow for the recapture and reuse of loan funds for similar housing activities.

The HOME program is funded annually through the Lakewood and Tacoma HOME Consortium. The Consortium reimburses expenditures for the City of Lakewood's projects/programs, which include Housing Rehabilitation, Affordable Housing, and Home Down Payment Loans, to the City of Lakewood. The notes on these loans are held and tracked by the Lakewood and Tacoma HOME Consortium in Tacoma, and are not accounted for in Fund 190 CDBG.

Section 108:

The Section 108 program funds are used to fund large-scale, capital intensive economic development, housing, public facilities, and infrastructure and community development projects throughout Lakewood. This funding source most closely mirrors CDBG program regulations and requirements, in that, it must meet the national objective of serving low and moderate income individuals (primarily through the creation or retention of jobs for low and moderate income persons). Funding is to be awarded to qualifying projects as “gap funding” and is typically the final piece of the financing puzzle required to complete a project’s budget. Funds are to be provided as loans with terms up to 20 years and carry standard underwriting and collateralization requirements. Section 108 loans require borrower (jurisdiction) to pledge current and future CDBG allocations as principal security for the loan guarantee with additional collateral security being provided to the City by the final borrower (business or end use).

In 2012, the City of Lakewood applied for and was allocated \$2,888,000 in Section 108 Loan Guarantee funding from HUD. To be eligible for continuation of this loan program, the City must reapply every five years, which the City did not. If the City were to reapply, the City may be eligible for \$1,978,905 as of July 1, 2024 (maximum loan amount is five times the current allocation of \$533,581, less outstanding principal balances of \$689,000). Changes in underwriting requirements and complexity, new administrative and programmatic regulations, along with additional HUD charges and increasing commercial borrowing rates were some of the determining factors to not reapply and pursue this type of financing source only as last resort.

On August 31, 2017, the City entered into a Contract Loan Guarantee with Housing Urban Development for the overlay project 108th Street. The loan amount is \$141,000 to be paid with three years of CDBG entitlement funds. This was approved in the annual action plan and the note application. The security pledge is the City’s full faith and credit. The interest rate is variable and is set by LIBOR. As of 9/30/2020 the outstanding principal balance for this loan is zero.

A Section 108 Loan in the amount of \$700,000 was issued in 2014 for Curbside Motors Incorporated and another for \$310,000 in 2015 for Living Access Support Alliance by the United States Department of Housing and Urban Development (HUD) to the City. The outstanding combined principal balance as of June 30, 2024 of \$689,000 is being repaid by a third party and, therefore, is not recognizable as debt on the City’s long-term debt schedule or City’s financials.

Fund 191 Neighborhood Stabilization Program

The purpose of this fund is to account for the revenues and expenditures associated with the Federal Neighborhood Stabilization Program. The NSP was established for the purpose of stabilizing communities that have suffered from foreclosures and abandonment. The NSP1 program provides funds to purchase and redevelop foreclosed and abandoned residential properties and/or structures. The NSP3 program provides a third round of neighborhood stabilization grants to all states and select governments on a formula basis. Revolving funds are used to pay for program costs.

In January 2020, the City met with the Washington State Department of Commerce to close out NSP1 funds. If the City has any NSP1 funds after five years of close out date, the City may reprogram unspent funds with no restrictions. This means, the City could use the funds for abatements, set up a housing loan program similar to CDBB/HOME without all the federal requirements, or even put funds back to the General Fund.

Fund 196 American Rescue Plan Act (ARPA)

On March 12, 2021, President Biden signed the American Rescue Plan Act of 2021 (ARPA). Per Title IX Part 8 Subtitle M of the act, ARPA allocates funds to states, counties and cities for their use to mitigate the effects of COVID-19 has had on their government's revenue and operations as well as their citizens

ARPA funds total \$1.9 trillion, of which \$350 billion is allocate to states and local governments. The State portion of the funding is \$195 billion of which \$1.25 billion minimum is distributed equally among the 50 states and the District of Columbia. The remaining state portion is distributed according to a formula that takes into account each state's share of unemployed individuals.

The local portion of the funding totals \$130 billion, which is equally divided between cities and counties. For cities, \$45.5 billion of the \$65 billion will be allocated to metropolitan cities (population over 50,000) utilizing a modified formula and the remaining amounts for smaller jurisdictions (population under 50,000) will be allocated according to population share but will not exceed 75% of their most recent budget. For counties, the \$65 billion is allocated based on the county share of population. Counties that are CDBG recipients will receive the larger share between the population based on CDBG formula.

As a metropolitan city, Lakewood was allocated \$13.77 million in ARPA funds. Funds will be disbursed in two tranches, each 50% (\$6.88M). The City received the first disbursement in August 2021 and the second disbursement in August 2022 (12 months after the first distribution).

Eligible uses include:

- (A) to respond to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19) or its negative impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality;
- (B) to responds to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers of the State, territory, or Tribal / local government that are performing such essential work, or by providing grants to eligible employers that have eligible workers who perform essential work;
- (C) for the provision of government services to the extent of the reduction in revenues of such State, territory, or Tribal/local government due to the COVID-19 public health emergency relative to revenues collected in the most recent full year of the State, territory, or Tribal / local government prior to the emergency; or
- (D) to make necessary investments in water, sewer, or broadband infrastructure.

ARPA funds are one-time monies, and commensurate with City financial policies, should only be used for one-time purposes versus ongoing operations. The additional administrative support needed to administer ARPA funds will depend on the scope and number of grants or programs the City Council directs to be established.

The entire program funds are budgeted in the year the City Council approved the program even though the program may span over multiple years. The rationale for this is to account for the programs on a project length basis. Unspent funds will be carried over to the following year and unspent funds after that will roll over into the next year through 2026, which is the year in which all ARPA funds must be spent or returned to Treasury.

Per Treasury, the funds may accumulate interest, which the City may keep and use at its discretion. The plan is to bring forward the accumulated interest earned for City Council consideration (for example, to use on other ARPA related programs or transfer to the General Fund) at a later date.

Fiscal Recovery Funds must be used in eligible use categories specified in the American Rescue Plan Act and implemented in the Interim Final Rule. Over the past year these have been adjusted to provide substantial flexibility for each jurisdiction to meet local needs.

Life-to-date ARPA activity and budgeted program details are provided in the sections that follow.

Cost of technology upgrades at 4 fire stations total \$200,000. Also, \$10,000 for HAM radios for similar level of capabilities as the City to be able to communicate seamlessly if phone and internet fail during an emergency; and 2) Translation of basic emergency messages into additional languages to better serve the community. WPFR would serve as lead on this project for the Emergency Management Coalition. Cost to translate emergency messages into the top 4 languages utilized in the fire district is approximately \$20,000.

Expenditure Status – Total LTD \$8,560

Tacomaprobona Housing Justice (2022-2023) – Total Budget \$472,500

(Program Cost \$450,000 + 5% Direct Admin Cost \$22,500)

Funds to provide personnel (staff attorney 1.0 FTE / Paralegal 1.0 FTE) and support for expanded outreach materials (paper publications, videos, increased targeting of vulnerable populations, translation). Their goals are: 1) provide direct representation to clients prior to eviction matters being filed in court; 2) provide legal services in other areas that directly impact housing security, such as legal financial obligation reconsideration, criminal records sealing and relicensing; and 3) provide additional resources to increase general community outreach and education, focusing on communities of color. Tacomaprobono's Housing Justice Project can do the essential work of keeping evictions off records with funding for additional staff attorneys to represent Lakewood residents prior to cases being filed. Previously, the organization was able to use other funds to support this work for Lakewood residents. Pierce County has funded their staff to handle pre-eviction filing cases in rural areas of the county, excluding the City of Tacoma, City of Lakewood, and other more urban municipalities. In late 2021, when Right to Counsel was certified in Pierce County, Tacomaprobono's Housing Justice Project will not have the funding or staff to assist Lakewood renters who receive an eviction notice. With additional staff, Tacomaprobono would be able to assist City of Lakewood residents and prevent evictions from ever being filed by responding to the case immediately. Their attorneys would negotiate with landlords to remedy the underlying issue, leading to a complete resolution or additional time to move out – both of which eliminate the need for a landlord to proceed with litigation. This is crucial to keep evictions off records, preventing homelessness and promoting long term housing security. American Rescue Plan Act (ARPA) funds would fill the gap in services that, if left unfunded, will detrimentally impact the City's residents and communities of color by displacing thousands of renters and increasing the homelessness crisis.

Expenditure Status – Total LTD \$297,931

- o Contract to Tacomaprobona for personnel costs, lease, telephone and internet services, office and computer supplies, advertising/marketing, outreach, insurance, travel, and litigation expenses

City Hall HVAC Air Handlers and Bipolar Ionization – Total Budget \$525,000

(Program Cost \$500,000 + 5% Direct Admin Cost \$25,000)

Funds to provide for the replacement City Hall air handlers that are near their end of life resulting in a more energy efficient HVAC system. In addition, an air cleaning bipolar ionization system to reduce exposure risks would be installed similar to that funded for West Pierce Fire and Rescue with CARES funding in 2020. The system would reduce or eliminate recirculating pathogens throughout City Hall in public and employee spaces. Upgrading the HVAC system at City Hall would be a first step to meet the WA state clean building energy efficiency legislation requirements, as outlined in the following webpage link <https://apps.leg.wa.gov/wac/default.aspx?cite=194-50>. This legislation is required on all government buildings over 50,000 sq. ft. and work needs to be done by 2028. City Hall is the only City of Lakewood building that qualifies. By doing this assessment work early (by July 2022), Lakewood could apply for a \$100,000 grant to help offset our actual upgrade work to meet code compliance. Cost savings will be calculated during the City Hall assessment regarding what needs to be done (HVAC, lighting, etc.) The City has established an energy efficient portfolio manager that connects our facility to our various utility companies; the City will contract with its current HVAC service provider, McDonald Miller, to help create the entire energy efficiency plan. Any new equipment and upgrades will be more energy efficient than what we have now and will help us reduce energy costs. More detailed costs, anticipated energy savings and information will be available once the City proceeds with the project. The City Council will be provided status updates.

Expenditure Status – Total LTD \$525,000

(Program Cost \$100,000 + 5% Direct Admin Cost \$5,000)

The City is looking to reconfigure the City’s operations in City Hall to just the 1st and 2nd floors in order to open up the 3rd floor for other uses. This recommended ARPA funding would be for the first phase, hiring a space expert to analyze how to organize the first two floors. Actual remodeling and relocation

would be handled in future phases with as-yet unidentified funds. The proposed phase 1 plan does not include anticipating the creation of a vet center in City Hall; however, the idea is to consolidate space needed for City services (to one or two floors) to allow “other” types of businesses / agencies to use or lease space. Note - There is an additional \$30,000 budgeted for this study in the Property Management Fund, for a total of \$135,000 (\$130,000 Project Cost + \$5,000 Direct Admin Fee).

Expenditure Status – Total LTD \$101,412

- o \$2,266 City of Lakewood personnel costs.
- o \$95,738 Needs Assessment

Lakewood Police Department Retention Bonus – Total Budget \$669,375

(Program Cost \$637,500 + 5% Direct Admin Cost \$31,875)

Funds to create a one-time retention bonus funded with ARPA funds. The offer to existing officers would be a \$7,500 lump sum payment (current 85 officers equates to \$637,500) in exchange for a commitment to remain with the department for three years. That amount of time should allow LPD to hire enough people to get staffing back up to a level commensurate with the services we are expected to provide. The City is expecting a large number of police officer retirements to occur in the near future. When the Police Department was established in 2004, many of the officers who were hired from other agencies with approximately the same number of years’ experience; early to mid-career. Since then, LPD is now expecting earlier than originally planned retirements, and others looking to leave the state altogether. New impacts from COVID-19, such as when we have to periodically quarantine an employee due to potential exposure to the disease (e.g., prisoner transport, family exposure) has exacerbated the need to find new officers quickly. LPD has been maintaining shift coverage with the use of overtime; however, that is not an optimal solution. Most members of the special operations unit have been reassigned to patrol and the remaining to conduct background checks on applicants. This has not been enough to maintain full staffing levels in patrol and LPD projects overtime will continue to rise. This not only has a budgetary impact, it also puts significant stress on officers, leading to burnout and exasperating the issue. In addition, LPD may need to pull officers from ancillary units like neighborhood policing and property crimes unit to help support basic staffing in patrol. This could require the termination of the Western State Hospital Community Partnership contract and the Behavioral Health Contact Team in order to reassign the affiliated neighborhood police officers (NPOs). LPD also continues to aggressively recruit both new police officers and laterals as quickly as the state civil service process allows. We recently implemented incentives to attract lateral applications; however, we also need to provide incentives to entice current officers from not leaving and/or retiring early.

Expenditure Status – Total LTD \$607,500

- o For 81 police officers retention bonuses.

PARKS, RECREATION & COMMUNITY SERVICES

Parks Sales Tax

On September 19, 2000, Pierce County voters approved the ballot measure to increase local sales taxes by one-tenth of 1 percent. A sales and use tax equal to one-tenth of one percent (0.001%) within Pierce County provides funds to acquire, improve, rehabilitate, maintain, or develop regional and local parks; to improve, rehabilitate, maintain or expand accredited zoo, aquarium and wildlife preserves pursuant to RCW 82.14.400(6); for community-based housing; and to implement the creation of a zoo and aquarium advisory authority.

The tax was proposed as a funding mechanism for Tacoma Metro Park District (the zoo). The money collected is shared 50-50 between the Parks District and the cities not contained in the District and the county.

Cost Recovery – Parks, Recreation & Community Services

In May 2016, the City Council adopted a set of revised financial policies to include cost recovery. The following is an excerpt of the cost recovery policy as it relates specifically to target cost recovery for parks programs/services:

Target Cost Recovery Level for Parks Programs/Services. The cost recovery policy applies to the following parks and recreation programs/services: recreation services; special events and community gathering; senior services; and all parks. The following should be considered when determining pricing levels: The higher the community benefit, the higher the General Fund subsidy level and the higher the individual benefit, the lower the General Fund subsidy level. The overall cost recovery goal for all parks programs and services should be 45%.

Included in the revenues is the parks sales tax, which is allocated to the various parks programs/functions based on prorated share of expenditures. The growth in parks sales tax has helped reduce the general fund subsidy amount.

The table below provides historical annual and current budgeted annual and actual subsidy and recovery ratio by program.

Fund 303 Real Estate Excise Tax

Prior to January 1, 2020, the State of Washington levied a flat 1.28% real estate excise tax (REET) upon all sales of real estate under chapter 82.45 RCW. Beginning January 1, 2020, the state implemented a graduated tax scale based on the selling price ranging from 1.1% for the portion of sale that is \$500,000 and less to 3.0% on the portion that is greater than \$3M. The selling price thresholds listed above will be reviewed and adjusted every fourth year beginning July 1, 2022 based on the growth of the Consumer Price Index (CPI) for shelter of 5.0%, whichever is less, rounded to the nearest \$1,000. If the CPI growth is negative, the thresholds will remain unchanged.

This graduated scale applies only to the state portion of real estate excise tax. The locally imposed REET remains unchanged.

Chapter 82.46 RCW authorizes cities and towns to impose local real estate excise taxes on top of the state rate. The tax is calculated based on the full selling price, including the amount of any liens, mortgages and other debts given to secure the purchase. The City of Lakewood is planning under the Growth Management Act (GMA) and enacted both the first ¼% and second ¼% tax, for a total of 0.50%.

Real estate excise taxes are typically the responsibility of the seller of the property, not the buyer, although the buyer is liable if the tax is not paid. However, sometimes the buyer pays some or all of the tax as part of the negotiated sale agreement. The Pierce County Treasurer collects the real estate excise tax and remits to the City on a monthly basis.

5-Year Ave Change (2019 - 2023):	-0.4%							

On August 6, 2012, the Lakewood City Council adopted Ordinance #550, creating a transportation benefit district (TBD) in the City of Lakewood, referred to as the Lakewood TBD. The TBD is a quasi-municipal corporation and independent taxing district created for the sole purpose of acquiring, constructing, improving, providing and funding transportation improvement within the city limits of Lakewood. It has the authority to impose certain taxes and fees, either through the vote of the people of board action, for transportation purposes. The TBD is governed by the members of the Lakewood City Council as the District's Board of Directors and the Mayor services as Chair of the Board. The Transportation Benefit District authority automatically expires on 12:01 am on July 16, 2032, unless dissolved sooner.

On September 15, 2014, the Lakewood TBD adopted Ordinance #TBD-01, authorizing an annual \$20 vehicle licensing fee for the TBD. The TBD Board found this fee is the best way to preserve, maintain, operate, construct, or reconstruct the transportation infrastructure of the City of Lakewood and fund transportation improvements within the District that are consistent with existing state, regional or local transportation plans necessitated by existing or reasonably foreseeable congestion levels.

The fees are effective for tabs due beginning April 1, 2015. The Washington State Department of Licensing (DOL) collects the fees and distributes the net proceeds to the City on a monthly basis. DOL automatically

deducts one percent (1%) of the \$20 fee at the time of collection for administration and collections expenses incurred. The 1% administration fee is the maximum amount permitted by RCW 82.80.140.

On July 1, 2015 the Washington State Legislature enacted Second Engrossed Substitute Bill 5987 (SESSB 5987), which authorizes the City to assume the rights, powers, functions, and obligation of the TBD. On November 22, 2016, the City Council declared its intent to conduct a public hearing to consider the proposed assumption of the rights, powers, function, and obligations of the existing City of Lakewood TBD. The City Council conducted the public hearing on December 5, 2016. On December 12, 2016, the City Council adopted the ordinance to assume the TBD.

On December 20, 2021 the City Council approved to use the Transportation Benefit District \$20 vehicle license fee to leverage the issuance of bonds in support of seven transportation projects totaling \$11,600,000. The estimated bond repayment period is 20 years with annual debt service of \$835,000. Ordinance 767 added these seven projects the list of TBD eligible projects and extended the original sunset date from 12:01 AM on July 16, 2032 unless dissolved sooner to 12:01 AM December 2, 2044 to coincide with the debt service schedule.

On December 20, 2021, the Lakewood TBD adopted Ordinance # 767, authorizing seven additional eligible projects and identified completed TBD projects as follows:

Sewer CIP Funds

The Sewer Capital Project CIP Fund accounts for the construction and expansion of a sewer system and related costs to maintain and operate the fund. The City Council also adopted Resolution 2018-19, which supports continuing the sewer surcharge and expanding the geographical area to include the entire city and identifies that the surcharge is to be used for design, construction and other costs associated with sewer projects beyond paying for debt service. This will allow the City to use surcharge revenue to pay for sewer projects both inside and outside of Tillicum and Woodbrook.

Debt Service

Under RCW 39.36.020(2), the public may vote to approve bond issues for general government in an amount not to exceed 2.5% of the value of all taxable property within the City. Within the 2.5% limit, the City Council may approve bond issues not to exceed 1.5% of the City's assessed valuation. Prior to the passage of new legislation in 1994, the statutory limit on councilmanic (non-voted) debt for general government purposes was 0.75% of assessed valuation. Another 0.75% of councilmanic debt was available only for lease-purchase contracts (RCW 35.43.200). These two components are combined and can be used for any municipal purpose, including using the entire 1.5% for bonds. Therefore, the City's remaining debt capacity without voter approval is \$150.9M and an additional \$111.5M may be accessed with voter approval. The voter-approved capacity is generally referred to as unlimited tax general obligation debt, which requires 60% voter approval and the election must have a voter turnout of at least 40% of those who voted in the last State general election. With this vote, the voter approves additional property tax be levied above and beyond the constitutional and statutory caps on property tax. In addition to this general-purpose debt capacity, RCW 39.36.030(4) also allows voter approval of park facilities and utility bond issues, each limited to 2.5% of the City's assessed valuation. Therefore, legally the City can issue up to a total of 7.5% of the City's assessed valuation in bonds for \$819.9M. The tables below show the City's available debt capacity and outstanding debt as of June 30, 2024.

Public Works Trust Fund Loans & SWM Revenue Bonds: The City borrowed a total of \$7.93M at rates between 0.50% and 1.0% for 20 years from the State's Public Works Trust Fund (PWTF) to finance sewer projects. The PWTF is a revolving loan managed by the State to provide below market rate financing for health and safety related public works improvement projects through a competitive application process. The City also issued \$4.0 in SWM Revenue Bonds in 2021. These loans are backed by the rates collected from users thus are not considered as the City's general obligation debt nor are they subject to the limitation of calculation.

Note:

- Reports generated in the permits module are based either on application date range or issued date range and are meant to show activity.
- At application a portion of the fees are collected with the balance being collected at issuance which could fall in two different reporting periods.
- The report is not intended to be a revenue report, rather it is intended to show the number and types of permits and information on what those permits generated overall in permit fees and valuation.
- The Building Permit Report only reflects the building division and does not include planning and public works.
- The revenue reported on this spreadsheet is based on issued permits and will never match the financial revenue report as it does not include monies collected on permits that have not yet been issued.
